Great racing but I was quite a bit slower than September event last year which I can not understand. Oh well will have to come back and try again. Nice to meet a few of you guys and some very nice cars there as well

Was another good day out. Thanks go to Paul and the others who helped out; especially to the flagman that hung around so I could bed my tyres in.

groupAralliant: Can't comment on track speed since I had fresh tyres I was trying not to wear them out in one go. I think I set a PB still.

Sure wa another great day :woohoo:

Bring on the 2nd April.

BTW, whats happened to all the guys posting pictures that were taken on the track day's... There was always some great shots taken.

Always good to see what we missed during the days :)

I heard a few guys say the track was a bit slower, I was just happy to be out running laps.
