
JDM 180sx

Posted by Sharpy - 2009/02/08 20:02

ok, so here is my new project/pride and joy

It is a 1992 Nissan 180SX! Plan is to take it to the circuit for sprints + daily driver

Has a fair bit done to it already.

Weight with full tank of fuel and without me in it. interior stripped from front seats back (so front seats are in but nothing behind them) is 1200kg

Car makes 240hp

Red top SR20DET
Hybrid Front Mount Intercooler
Alloy Radiator
Oil Cooler & Oil cooler relocater kit
Oil Catch can
Engine Damper Kit
Solid Intake and Intercooler piping
Pod Filter

good looking little rocket. Hope the 24th goes well, I am trying to get there but doesn't look too good at the moment.
Cheers Steve

Won't be out on the 24th now due to a blown turbo. which puts me out of the series but ill still come down for fun when all fixed
