Well the time has come to start raising money to shear my scalp. The aim is a grand to the Leukaemia Foundation in exchange for a 1 blade all over. The pictures below will show it is easily worth it. I couldn't get online donations this late in the game, however I can take donations directly and do have a receipt book if anyone does want a receipt. PM for banking details. The shave day is going to be the middle of August, the next series round is on the 14th, I can take donations directly on the day if people want receipts.
